

The City of Perryville Municipal Gas Division is required by the Pipeline and Hazardous Materials Safety Administration and the Public Service Commission to conduct a public awareness survey every four years. This survey consists of a series of questions regarding natural gas safety.

NATURAL GAS SURVEY "EXPECT A CALL"

Beginning on June 14th, calls will go out to customers and non-customers.

Please answer the short survey as directly and accurately as possible.

This survey is used to measure the accuracy of our Public Awareness Plan to ensure that the public is receiving sufficient education about natural gas safety.

**THE CITY OF PERRYVILLE THANKS YOU IN ADVANCE
